

FORUM CUT GIRL SCOUT COOKIES (TEEN)

Forum Cut Cookies is one of the original cuttings of the GSC strain. GSC is a type of OG Kush crossed with F1 Durb by breeder Jigga. Other early versions of GSC include Thin Mint Cookies. Dense purple buds and covered in trichomes, while its flavor profile includes notes of earth, sandalwood, and fuel. This cut of cookies is potent with the same spacey cerebral and physical high that put the parent strain into the spotlight years ago.
