Description

Buckle up, growers, because **Clone2Order's ORANGE DROPZ** is here to blow your mind with a zesty explosion of orange candy vibes!

Born from a wild seed hunt in the lab at our Fire Factory, this pheno cultivar is a genius remix of Mimosa and the legendary Orange Punch, backcrossed to perfection for a super compact, high-octane plant that's bursting with flavor.

Picture buds dripping with beta-caryophyllene, linalool, and limonene—terpenes that dance together to create a mouthwatering **mandarin orange-candy aroma** that'll have your grow room smelling like a citrus fiesta!

Despite its petite frame, **ORANGE DROPZ** pumps out massive yields faster than you can say “juicy,” making it a dream for home cultivators in legal markets like California, Colorado, and New York. *21+ only, for legal cultivation—check local laws and spark this citrus sensation in your garden!*
