

MAGIC GARLIC

Garlic Cookies is a heavily indica dominant hybrid strain (90% indica/10% sativa) created through crossing the potent Chemdawg X Girl Scout Cookies strains. Infamous for its heavy flavor and hard-hitting effects, this bud is a favorite of indica users around the world. Description

Garlic Cookies is a heavily indica dominant hybrid strain (90% indica/10% sativa) created through crossing the potent Chemdawg X Girl Scout Cookies strains. Infamous for its heavy flavor and hard-hitting effects, this bud is a favorite of indica users around the world. Garlic Cookies has a flavor that, like its name suggests, is reminiscent of garlic with a light cookie diesel effect upon exhale. The aroma is very earthy with a heavy diesel overtone that lingers long after you finish toking. The Garlic Cookies high is much like its Girl Scout Cookies parent, with long-lasting effects that hit both mind and body. You'll feel a cerebral lift a few minutes after your last toke that fills you with a sense of euphoria and gives you a mild case of the munchies.
