HYBRID CLONES: TRUFFALOHA #2 (BELEAF)

40% indica. Truffaloha is an exquisite blend of the Truffle Butter's deep relaxation and Pineapple Express's uplifting effects. With a THC content of around 20-25%, Truffaloha is well-suited for both beginners and experienced cannabis consumers seeking a balanced experience. Leafly customers often describe the effects of Truffaloha as initially euphoric and creative, followed by a calming relaxation that doesn't lead to excessive sedation. Medical marijuana patients frequently turn to Truffaloha to alleviate symptoms associated with stress, anxiety, and depression. Its balanced effects can provide a sense of well-being without overwhelming mental or physical effects. Bred by Pacific Reserve, Truffaloha features flavors that combine earthy, nutty undertones from Truffle Butter with the tropical and citrus notes of Pineapple Express. The dominant terpene in this strain is myrcene, contributing to its relaxing properties and flavorful profile. The average price of Truffaloha typically ranges from \$10 to \$15 per gram, reflecting its premium quality and well-balanced effects. Whether you're seeking a creative boost or a moment of relaxation, Truffaloha offers a harmonious blend that caters to a wide range of preferences. If you've had the pleasure of enjoying Truffaloha, consider sharing your experience by leaving a strain review.
