Lemon Cherry Gelato, another showstopper from Backpackboyz, shares a lot of the blissfully sour, amazing fruity flavors of its parents and its phenotype relatives. From its mom and dad, Sunset Sherbet, and Girl Scout Cookies, the strain acquires an amazing overtone of fresh aromas.

You'll feel relaxed all over, immediately. Lemon Cherry Gelato also has properties of an analgesic (pain reliever), stress reliever, and antidepressant. Those who suffer from mood swings can also find soothing relief in Gelato strains.
